Hi Emma

Belvoir Homecare testimonial

We have been working with Manatec for just over a year now and they provide the training for our staff when they are studying for their apprenticeships.

During this time we have found all the office staff very friendly and efficient and I am pleased to say that they return phone calls when they say they will.

The assessor who visits our offices will always offer extra support if needed. She is always punctual, and offers a choice of availability and times to suit our business needs and the carers availability.

Yours Faithfully
