Dear Sir/Madam,

Re: Manatec Training

Here at Mont Calm we are a company that provides care for older adults who have Dementia and Mental Health issues.

I have used Manatec training for many years and they have never ever disappointed.

The staff at have gone above and beyond in providing quality diplomas and apprenticeships to many of my staff at all levels and roles.

Assessors are professional and knowledgeable, most of whom I have met. I can highly recommend Elaine Cannon who has seen my Deputy Manager through her Level 3 diploma and now into her Level 5 diploma. Elaine has been a great support to CJ through her courses.

I can highly recommend Manatec to any organisation who seek quality training in Diplomas and apprenticeships.

Yours sincerely,

Tracey Cockerton

Home Manager
